2. INDUSTRY STRUCTURE, OPPORTUNITIES & THREATS

Your Company is engaged in the business of media, publication services, trading in shares and securities. Your Company has stopped providing management support services to its subsidiaries. The Indian media industry is growing fast driven with increasing digitisation and higher internet usage. Even though print media is no longer considered the first option for many users it is expected that print media will still manage to hold on to its own position in future. The growth of the logistics sector in India is backed by government reforms, growth in retail sales and eCommerce. Even though there are risks of price wars and margin erosion due to multiple players operating in the same region it is expected that use of innovative models and new technological advancement will help stimulate growth for this sector.

REVIEW OF OPERATIONS

For the year under review, your Company earned a Total Income of Rs. 2013 Lakhs as against Rs. 1803 Lakhs in the previous year. Company's loss after Tax of Rs.10276 Lakhs as against loss of Rs. 177394 Lakhs in the previous year after transfer of Rs.80038 Lakhs from Business Re-organization Reserve as against Rs. 940 Lakhs in the last year. The exceptional item is on account of provision for diminution in value of investment in subsidiaries.

The Company was providing Logistics Services to one of its Subsidiaries i.e Binani Cement Limited (till 24th July 2017). As per order of the Hon'ble NCLAT dated 14th November 2018, Binani Cement Limited (BCL) has been acquired by Ultratech Cement Limited under the CIRP process. Hence the logistics service to BCL has been discontinued and this has adversely affected the earnings. The Company is now in the process of identifying alternate business.

BUSINESS OUTLOOK

The novel Coronavirus outbreak has widespread impact ranging from ecological to economic implications and hence there would not be much improvement in the media as well as the logistics sector for the financial year 2020-21. The availability of vaccine is expected by the end of the first quarter of 2021. This might help the economy to recover significantly but it might take a longer time to reach its pre-pandemic stages.

3. DIVIDEND

In view of loss, the Directors do not recommend any dividend on Preference and Equity Shares of the Company for the Financial Year ended 31st March, 2020.

In terms of Section 47(2) of Companies Act, 2013 Triton Trading Company Private Limited (TTCPL), the preference shareholder of the Company shall have a right to vote on all resolutions placed before the Company on account of non-payment of dividend on 12,298,000 - 0.01% Non -cumulative Redeemable Preference Shares of Rs. 100/- each fully paid-up held by TTCPL in the Company. These shares were allotted on March 31, 2015.

4. RESERVES

No amount is proposed to be transferred to Reserves.

5. SHARE CAPITAL

During the financial year under review there have been no changes in the Authorised, Issued, subscribed and paid up share capital of the Company.

6. CONSOLIDATED FINANCIAL STATEMENTS

In accordance with the provisions of sub-section (3) of section 129 of the Companies Act 2013 and the SEBI Listing Obligation and Disclosure Requirements Regulations, 2015, the Consolidated Audited Financial Statements of the Company including the financial details of all the subsidiary companies of the Company forms part of this Annual Report. The Consolidated Financial Statements have been prepared in accordance with applicable Accounting Standards prescribed under Section 133 of the Companies Act 2013.

Post the NCLAT order dated 14th November 2018, your Company, in the financial year 2018-19 has derecognised the assets and liabilities of Binani Cement Limited from its consolidated financial statements at their carrying amount (as of March 31, 2017) and recognised the resulting difference as gain associated with the loss of control in the statement of profit and loss as exceptional items.

- c. B T Composites Limited a subsidiary of the Company is in the process of voluntary liquidation and has appointed Mrs. Sara Sancheti, a Company Secretary in Whole Time Practice as the liquidator of the Company. The company has sold all its assets and paid off the liabilities and has filed an application for dissolution.
- d. Binani Global Cement Holdings Private Limited, Singapore has received approval in July 2017 from the Accounting and Corporate Regulatory Authority of Singapore for closure of the

Company and intimation to Reserve Bank of India through the Authorised Dealer has been made.

9. PARTICULARS OF LOANS GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN AND SECURITIES PROVIDED

During the year under review, the loans given, investments made and Guarantees given and securities provided under Section 186 of the Companies Act 2013 are given in the Notes to the Standalone Financial Statements.

In accordance with the NCLAT order, UNCL (erstwhile Binani Cement Limited) a co-guarantor, to the Loans availed by 3B Binani Glass Fibre Sarl, Luxembourg from IDBI Bank Dubai, has paid the liabilities and based on the legal opinion received, all the Guarantees given towards the said loan availed from IDBI Bank Dubai stands extinguished.

3B Binani Glass Fibre Sarl Luxembourg and its subsidiaries were severely affected by the economic consequences of COVID 19 pandemic due to significant impact on its main markets 3B serves and mainly the automotive. At 3B group level, a binding term sheet involving refinancing proposal is being negotiated by the Company and / or other options involving optimisation of resources and reduction in loan liability is also being worked out. Conservatively, your Company has made a provision upto 90% of the total investment in 3B in the books of accounts for the year ended March 31, 2020.

One of the customers of M/s BIL Infratech Limited invoked the Guarantee in June / July 2019 of about Rs. 2715 lakhs. Though temporary solution by way of inter changeability was provided by one of its Bankers for part of the amount, application is pending with the Banks seeking long term resolution. Conservatively, your Company has made a provision in the investment made to the extent of guarantee invoked.

10. CONTRACTS OR ARRANGMENTS WITH RELATED PARTIES

All transactions U/s 188 of Companies Act, 2013 entered into by the Company with related parties were in the ordinary course of business and at arm's length. The Audit Committee from time to time reviewed and approved the said transactions. The details of existing Related Party Contracts/ Arrangements modified during the Financial Year 2019-20 are disclosed in form AOC-2 in terms of Section 134 of the Companies Act 2013 is provided as Annexure A and in the notes to the Financial Statements.

11. DEPOSIT

The Company has not accepted any deposit from the public within the meaning of sub-section (31) of section 2 and Section 73 of the Companies Act, 2013 and Rules framed thereunder.

12. OUTLOOK

The year 2019-20 has been a very tough year for the Group.

The operations of Edayar Zinc Limited (EZL) continue to remain shut for the entire year. The Consortium of Banks led by Punjab National Bank took physical possession of the assets in July 2019. The Consortium of Banks led by Punjab National Bank have sanctioned One Time Settlement (OTS) at Rs. 175 crore payable over a period of one year and the Company has sought for extension of time owing to

Covid-19 pandemic after payment of 25% of the OTS amount. The balance payments under the OTS are payable out of sale of plant and machinery as scrap and other mortgaged assets including land. With the permission of the Bank, the Company has entered into an agreement with a buyer for sale of plant and machinery and other current assets as scrap. The Company has settled liabilities with the sales tax authorities under the amnesty scheme and paid 40% of crystallised amount. EZL has also settled liabilities with the Service tax and excise authorities under the SabKa Vishwas Scheme and paid the same. The liabilities to the workers have been crystallized at Rs. 3303 lakhs. EZL is hopeful that Creditors and Authorities will take measured stand to safeguard interest of all stakeholders.

The Group's Glass Fibre business has been severely affected by the economic consequences of COVID 19 pandemic due to significant impact on its main markets 3B serves and mainly the automotive. At 3B group level, a binding term sheet involving refinancing proposal is being negotiated by the Company and / or other options involving optimisation of resources and reduction in loan liability is also being worked out.

BIL Infratech Limited another subsidiary of your Company continued to report satisfactory performance. One of the customers of M/s BIL Infratech Limited invoked the Guarantee in June / July 2019 of about Rs. 2715 lakhs. Though temporary solution by way of inter changeability was provided by one of its Bankers for part of the amount, application is pending with the Banks seeking long term resolution. The management is hopeful of completing all the projects in hand with the support of the working capital banks and also perform better in the coming years with the support of the Banks and other stakeholders. Delay in receipt of working capital support from banks may jeopardise operation and the company may resort to take protection legally.

The Company is a holding Company with interest in Glass Fibre Business and Construction. The industry structure, swot analysis, risks and concerns are discussed under the relevant companies. 3B Glass Fibre Sarl Luxembourg and its subsidiaries were severely affected by the economic consequences of the COVID 19 pandemic due to significant impact on its main markets 3B serves and mainly the automotive. At a 3B group level, a binding term sheet involving refinancing proposal is being negotiated by the Company and / or other options involving optimization of resources and reduction in loan liability is also being worked out. Considering the above, it has been decided to make a provision for dimiunition in value of investments upto 90% of the total investment in 3B in the books of accounts for the year ended March 31, 2020. The Company has also provided for diminution in value of investments in BIL Infratech Limited another subsidiary to the extent of Rs.2715 crore equivalent to the invoked Bank Guarantees by a customer.

The Company had only one loan from Exim Bank of India which has been paid off under the NCLAT order dated November 14, 2018 in connection with the IBC process of Binani Cement Limited.

- a. In accordance with the NCLAT order UNCL has paid off to EXIM Bank of India towards the loan taken by the Company, being the guarantor for the said loan. The outstanding balance payable to EXIM Bank as per books of the Company was Rs. 58,061 Lakhs (including interest of Rs. 11,504 Lakhs).

- b. UNCL has recognised the expected credit loss on ICD balances amounting to Rs.1,14,857 Lakhs along with Interest of Rs. 9,299 Lakhs as per the audited financial statements for the year end March 31, 2018.

Further the Company has obtained a legal opinion from a reputed legal firm confirming that the Company has been legally discharged from its obligation to repay the above stated amounts.

- c. based on legal opinion obtained by the Company, it has reversed the liabilities mentioned in note a and b above.

Based on the opinion received, the Company has no loan outstanding.

Financial Highlights

There was no significant improvement in revenue in the previous year due to adverse market conditions mainly in the wind / auto industry.

Industry Overview

The future of the glass fiber market is promising with opportunities in the transportation, construction, pipe and tank, electrical and electronics, consumer goods, and wind energy industry. Factors such as, cost-efficiency, corrosion-resistance, and lightweight, as well as wide-ranging applications of e-glass, makes it preferable wind energy, marine, and electrical & electronics industries.

Market outlook

3B Binani will continue to focus on its core markets Automotive, Wind and Performance Composites, supplying these markets with high quality Chopped Strands and Direct Roving products, supported by high performance specialty products like HiPer-tex™ and CFM (Chopped Filament Mat). Emerging trends, which have a direct impact on the dynamics of the glass fiber industry, include cost optimization and performance enhancement of glass fibers. As per market reports the European and Indian glass fiber market is expected to decline in 2020 due to global economic recession led by COVID-19. However, market is expected to witness recovery in subsequent years.

Operations Review

BILIL reported the total income of Rs. 8899.17 lakhs for the year under review as against Rs. 24,203.69 lakhs in the previous year. It reported a Profit after Tax of Rs. 116.90 lakhs as compared to Rs. 216.16 lakhs in the previous year.

The Year 2019-20 continued to be challenging for BILIL as one of the customers had invoked guarantee of Rs. 2715 lakhs. Though temporary solution by way of inter changeability was provided by one of its Bankers for part of the amount, application is pending with the Banks seeking long term resolution. The management is hopeful of completing all the projects in hand with the support of the working capital banks and also performs better in the coming years with the support of the Banks and other stakeholders.

Industry Overview

The Indian construction market is expected to register a CAGR of 6% over the forecast period, 2019 – 2024. Infrastructure sector plays a vital role in the growth and development of the Indian economy. Nearly, 9% of India's GDP is spent on Infrastructure services. It comprises of construction of power, bridges, dams, roads and urban infrastructure development which also forms the base and supporting factor for other services sectors.

However, due to Covid-19 pandemic there has been an unprecedented contraction of 50.3% in real terms in Q2, the Indian construction industry is expected to shrink by 14.9% in 2020. However, despite the prevailing gloomy situation, the industry is expected to post a sharp rebound and grow by 11.6% in 2021, owing to lower base and pent up demand.

Growth will also be driven by investments in the National Infrastructure Plan, the newly-announced Affordable Rental Housing Complex (ARHC) scheme and investments in the industrial segment due to Indian government's push towards 'Atmanirbhar Bharat', which aims to reduce imports and make the country self-reliant. The industrial construction sector would also likely benefit from the global shifting of supply lines from China, with the Indian market offering benefits such as large captive market and low cost labour.

Moreover, the lifting of lockdown has resulted in the virus outbreak spreading at a record pace in the country, with India now emerging as the latest epicenter for COVID-19.

As a result, construction activities continue to remain disrupted with labor shortage at project sites exacerbating the situation for the private sector which are already grappling with multiple problems such as liquidity crisis, rising project costs and lower demands.

Business Outlook

Growth signs of economic revival is expected from the beginning of FY-2021-22 with lot of construction tenders floating in infrastructure field. Due to restrictions in BG limit with Bankers and pending sanction / renewal of limits, it could be challenging years for the Company.

Infrastructure plays a huge role in propelling other industries and India's overall development. The government therefore focuses on the development of infrastructure and construction services through focused policies such as open FDI norms, large budget allocation to infrastructure sector, smart cities mission, etc. Investment of about INR 2 lakh cr has been proposed by 99 cities under the Smart City initiative. The government's flagship mission Pradhan Mantri Awas Yojana (Urban) – PMAY (U) launched in June 2015 aims to provide housing for all in urban areas by the year 2022. All these and Atmanirbhar Bharat will boost prospects.

Opportunity and Threats

Higher Govt. spending to build robust infrastructure, single goods and services tax (GST), favorable Govt. approach towards PPP Model, lower fiscal deficit and low interest regime are expected to boost long-term inbound investment actively. However rising inflation and high debt levels of large scale Private infrastructure developers may constrain investment in this sector. Inability of Govt. funding through divestment of PSUs may dampen investment scenario further.

Way forward of the Company

In order to ensure growth, the company has to book more and more orders and in order to book orders in this competitive market we have no other way but to accept minimum margin. The company are looking for more volume and minimum margin in conventional item rate construction contracts.

The only available way of earning more margins is to focus on EPC or Design & Built contracts where there is less competition but it calls for strong credential in respective fields which we are lacking but have to gradually build it by engaging as JV partner or associate or back to back sub contract.

14. AUDIT OBSERVATIONS

The Auditors in their Report, have made observations in connection with creation of Business Re-organization Reserve (BRR) and transfer of sums to offset certain expenses / write off, fair valuation of the equity investments done by the Company and outstanding Guarantees issued by the Company to banks on behalf of subsidiaries including one step down subsidiary which are significant in relation to the network of the Company

The Board wishes to state as follows:-

- Pursuant to a separate Scheme of Amalgamation approved by the Hon'ble High Court at Calcutta between WIEL and a step down wholly owned subsidiary of the Company on 18th March 2014, being the Company as a successor to WIEL, the Company has applied AS 30, the Accounting Standard on Financial Instruments: Recognition and Measurement, issued by the Institute of Chartered Accountants of India (ICAI), and pursuant thereto has as on March 31, 2014, being the date of conclusion of the first Accounting Year post the provisions of AS 30 becoming applicable to the Company, classified the investments as "available for sale financial assets" and has accordingly, measured such investments at fair value as on that date. All amount required to be taken as per AS 30 to revenue reserve or to an appropriate equity account shall be aggregated and such aggregate shall be taken to the Business Reorganisation Reserve (BRR). In the event of any conflict between the provision of AS 30 and any other Accounting Standards, the provision of AS 30 will be applied in preference to any other Accounting standard. BRR shall constitute a reserve arising as per this Scheme and shall not for any purpose be considered to be a Reserve created by the Company. During the year, the Institute of Chartered Accountants of India (ICAI) has withdrawn Accounting Standard 30 (Accounting Standard on Financial Instruments: Recognition and Measurement). Consequent to this, the Company, backed by legal opinion, has applied principles of notified Ind AS related to Financial Instruments being new accounting standards applicable instead of AS 30. All equity investment including Investment in Subsidiaries are designated as fair value through profit & loss. Accordingly, all amounts required to be taken as per the

Financial Instruments Standards under Ind AS to revenue reserve or to an appropriate equity account / Other Comprehensive Income are aggregated and such aggregate is taken to Business Re-organization Reserve (BRR) in line with the afore-cited court order. This matter has been referred to by the auditors.

- b. EZL has entered in to a One Time Settlement (OTS) with the Lenders and payments are being made under the sanctioned OTS. Your company has paid about 25% of the OTS amount till March 2020 and as per the OTS sanction the balance is payable out of sale of plant and machinery as scrap and other assets including land. Due to Covid-19 and consequent lockdown, company has sought extension of time for payment under the settlement. Settlement with the statutory authorities and government agencies is underway. EZL is hopeful that Lenders, Creditors and Authorities will take a measured stand to safeguard interest of all stakeholders. BIL Infratech Limited has sufficient assets to meet its borrowings. Considering the same, in the opinion of the management, these are not expected to result into any financial liability of the Company. The Company has given corporate guarantees aggregating to Rs. 22,525.46 lakhs as at March 31, 2020 to banks on behalf of various subsidiaries.

- c. The Company has settled / arrived at settlement with all its creditors

The management is working towards finding a workable solution to resolve the financial position by discussions with the lenders and others and to continue its business as going concern. Accordingly, the management considers it appropriate to prepare these financial statements on a going concern basis.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Binani Industries Limited**

Report on the Audit of the Standalone IND AS Financial Statements

Opinion

We have audited the accompanying Standalone IND AS Financial Statements of Binani Industries Limited ("the Company"), which comprise the Balance sheet as at March 31, 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Standalone IND AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effect of the matters described in the Basis for Opinion section in our report, the aforesaid Standalone IND AS Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of Standalone IND AS Financial Statements in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone IND AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone IND AS Financial Statements.

1. The Company has given corporate guarantees aggregating to Rs. 22,525.46 lakhs as at March 31, 2020 to banks and financial institutions on behalf of various subsidiaries. The Company has determined the loss allowances to the extent of Rs. 2,149.10 Lakhs as at March 31, 2020 in respect of these corporate guarantees as required by Ind AS 109 – 'Financial Instruments' (refer note 36(II)a) of the Standalone IND AS Financial Statements).
2. Edayar Zinc Limited (EZL), a wholly owned subsidiary, has entered into an One Time Settlement (OTS) dated August 28, 2019 with Punjab National Bank (PNB). The payment towards the OTS is required to be made from the sale proceeds of the assets mortgaged with the Banks. Accordingly, National Court Law Tribunal ("NCLT") Kolkata Bench, Kolkata vide order dated December 04, 2019 has permitted the withdrawal of the application filed by PNB under Section 7 of the IBC against the BIL ("the Company") and EZL (refer note 36(III) of the Standalone IND AS Financial Statements).
3. The Company has transferred the increase/decrease in fair value of all equity investments including investments in subsidiaries to Business Reorganisation Reserve (BRR) in accordance with the scheme of Amalgamation approved by the Hon'ble High Court at Calcutta on March 8, 2014. Further, in accordance with the said Scheme, the Company has offset or (reversed) certain expenses/(income) (net) amounting to Rs. 80,038.45 Lakhs against BRR during the year ended March 31, 2020, respectively (refer note 50 of the Standalone IND AS Financial Statements).

Had the Company given effects of the above stated matters, the said elements in the Financial Statements of the Company would have been materially affected. The effects on the Financial Statements of the failure to account for the matters above have not been determined.

4. Material uncertainty related to Going Concern

Management has prepared the Standalone Ind AS Financial Statements on going concern basis in spite of the following facts and circumstances:

- 1) The Company has been consistently incurring losses from business activities for the year ended March 31, 2020 and potential financial impact due to the lock-down and other restrictions and conditions related to the COVID – 19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve. (refer note 52 of the Standalone IND AS Financial Statements).
- 2) The constant decrease in the operations of the Company.
- 3) Significance of the matters stated in Basis for Opinion paragraph above.

These matters, including the status of the Company as at the date of this report, indicates a material uncertainty regarding Company's ability to continue as a going concern. While provisions have been made for asset impairment and liabilities as estimated to be likely to occur, further provisions may arise, if the Company is unable to realize its assets and discharge its liabilities in the normal course of business.

The management is working towards finding a workable solution to resolve the financial position by discussions with the lenders and others and to continue its business as going concern. Accordingly, the management considers it appropriate to prepare these financial statements on a going concern basis.

Auditor's report on the standalone Ind AS financial statements for the year ended March 31, 2019 also contained the above material uncertainty related to Going Concern.

Information Other than the Standalone IND AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but

does not include the Standalone IND AS Financial Statements and our auditor's report thereon.

Our opinion on the Standalone IND AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone IND AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Except for the matter described in the Basis of Opinion paragraph, we have determined that there are no key audit matters to communicate in our report.

Other Matter

The Standalone IND AS Financial Statements of the Company for the year ended March 31, 2019, were audited by another auditor whose report dated November 22, 2019 expressed adverse opinion on those statement.

Responsibilities of the Management for the Standalone IND AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone IND AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended including the Companies (Indian Accounting Standards) Amendment Rules, 2019. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone IND AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone IND AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone IND AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone IND AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone IND AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone IND AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone IND AS Financial Statements, including the disclosures, and whether the Standalone IND AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone IND AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone IND AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone IND AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and except for the possible effects of the matter described in the Basis for Opinion paragraph above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) Except for the possible effects of the matter described in the Basis for Opinion paragraph above, in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account;
 - d) Except for the possible effects of the matter described in the Basis for Opinion paragraph above, in our opinion, the aforesaid Standalone IND AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended including the Companies (Indian Accounting Standards) Amendment Rules, 2019;
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Standalone IND AS Financial Statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. In view of the matters stated in para 1 and 2 in the Basis for Opinion paragraph, we are unable to state whether Note 36 to the Standalone IND AS Financial Statements; disclosed the impact of pending litigations on its financial position in its Standalone IND AS Financial Statements;
 - ii. The company did not have Long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
3. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

To the Independent Auditor's Report of Even Date on the Standalone IND AS Financial Statements of Binani Industries Limited

[Referred to in paragraph 'f' under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Binani Industries Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

As described in basis for opinion paragraph of our main report, the Company has not established adequate internal financial controls and material weakness existed with respect to matters stated therein.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of the matters described in the basis for opinion paragraph of main report and in view of possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has maintained internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were not operating effectively as of March 31, 2020, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in Guidance Note.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone Ind AS financial statements of the Company for the year ended March 31, 2020, and these material weaknesses have inter - alia affected our opinion on the standalone Ind AS financial statements of the Company and we have issued qualified opinion on the Standalone Ind AS financial statements.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Note 1. Company Information

Binani Industries Limited ("the Company") is a public limited company domiciled in India and incorporated under the provisions of the Companies Act 1956. The registered office of the Company is located at 37/2, Chinar Park, New Town, Rajarhat Main Road, P.O. Hatiara, Kolkata, West Bengal - 700157. The Company is listed on the Bombay Stock Exchange (BSE), National Stock Exchange (NSE) and Calcutta Stock Exchange (CSE).

The financial statements are approved for issue by the Company's board of directors on November 25, 2020.

Note 2. Significant accounting policies

A. Basis of Preparation of Financial Statements

Compliance with Indian Accounting Standards

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Companies Act, 2013 ("the Act").

Accounting policies are consistently applied except for the changes adopted as referred in note C below.

Historical Cost Convention

The financial statements have been prepared under the historical cost convention, as modified by the following:

- Certain financial assets and financial liabilities (including derivative instruments) at fair value;
- Defined benefit plans – plan assets that are measured at fair value; and
- Freehold land included in PPE are measured at fair value

The financial statements are presented in INR, which is also the Company's functional currency and all amounts are rounded to the nearest Lakhs, unless otherwise stated.

B. Summary of significant accounting policies

The financial statements have been prepared using the significant accounting policies and measurement basis summarised below. These were used throughout all periods presented in the financial statements, except where the Company has applied certain accounting policies and exemptions upon transition to Ind AS.

1. Current versus Non-Current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

2. Foreign Currency**Initial Recognition**

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise. The gain or loss arising on translation of non-monetary items measured at cost is treated in line with the recognition of the gain or loss on the change in the value of the item (i.e., translation differences on items whose gain or loss is recognised in OCI or statement of profit & loss are also recognised in OCI or statement of profit & loss, respectively).

In respect of foreign exchange differences arising on revaluation or settlement of long term foreign currency monetary items, the Company has availed the option available in the Companies (Accounting Standards) (Second Amendment) Rules 2011, wherein:

- Foreign exchange differences on account of depreciable assets are adjusted in the cost of depreciable assets and would be depreciated over the balance life of the assets.
- In other cases, foreign exchange differences are accumulated in "Foreign Currency Monetary Item Translation Difference Account" and amortised over the balance period of such long term assets / liabilities.
- An asset or liability is designated as a long term foreign currency monetary item, if the asset or liability is expressed in a foreign currency and has a term of twelve months or more at the date of origination of the asset or the liability, which is determined taking into consideration the terms of the payment / settlement as defined under the respective agreement / memorandum of understanding.

3. Fair Value Measurement

The Company discloses fair values of financial instruments measured at amortised cost in the financial statements.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability Or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The Company must be able to access the principal or the most advantageous market at the measurement date. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. Valuation process and assumption used to measure the fair value of Assets and Liabilities is disclosed.

4. Revenue Recognition

Effective April 1 2018, the Company has adopted Ind AS 115 'Revenue from Contracts with Customers' using the cumulative effect method. Accordingly, the standard is applied only to the contracts that were not completed as at April 1 2018 and the comparative information in the statement of profit and loss is not restated. The impact of adoption of the standard on the financial statements of the Company is insignificant.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance under Ind AS 18.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

The specific recognition criteria described below must also be met before revenue is recognized.

Sale of goods

Revenue from the sale of goods is recognised when the control of the goods is transferred i.e. when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable. Revenue from the sale of goods is measured at amount of transaction price (net of variable consideration) allocated to that performance obligation. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved. Revenue is measured after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and services tax, etc.

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Sale of services

Revenue from rendering of services is recognized over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Interest Income

Interest Income is recognized on a basis of effective interest method as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

Dividend Income

Dividend income from investments is recognized when the Company's right to receive dividend is established.

5. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are included in the cost of that asset. Qualifying asset are asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the statement of profit & loss in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs is reduced to the extent of income arising from temporary parking of funds in fixed deposits and mutual funds.

The capitalisation of borrowing costs is suspended if there are prolonged periods when active development is interrupted. Interest expense for such period has been charged to statement of profit & loss account.

6. Property, Plant and Equipment (PPE)

Recognition and initial measurement

Freehold land and leasehold land are carried at fair value based on periodic valuation by the external independent valuers. Increase in the carrying amounts arising on revaluation of freehold and leasehold land are recognised, net of tax, in other comprehensive income and accumulated in reserves in shareholder's equity. To the extent that the reverses show a decrease previously recognised in profit or loss, the increase is first recognised in profit and loss. Decrease that reverses previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss. Each year, difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from the revaluation reserve to the retained earnings.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

All other items of property, plant and equipment acquired or constructed are initially recognized at cost net of recoverable taxes, duties, trade discounts and rebates, less accumulated depreciation and impairment of loss, if any. The cost of Tangible Assets comprises of its purchase price, borrowing costs and adjustment arising for exchange rate variations attributable to the assets, including any cost directly attributable to bringing the assets to their working condition for their intended use.

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost (net of revenues during constructions) are disclosed under Capital Work-in-Progress.

Spare parts are recognised when they meet the definition of property, plant and equipment, otherwise, such items are classified as inventory.

Subsequent measurement (depreciation and useful lives)

When significant parts of plant and equipment are required to be replaced at regular intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance costs are recognized in the statement of profit & loss as and when incurred.

Depreciation on property, plant and equipment (except for other Fixed Assets, Office & Transport Equipment which is provided on Written Down Value Method) is provided on the Straight Line Method, computed on the basis of useful life prescribed in Schedule II to the Companies Act, 2013, on a pro-rata basis from the date the asset is ready to put to use.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in statement of profit & loss when the asset is derecognized.

7. Investment Properties**Recognition and initial measurement**

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit & loss as incurred.

De-recognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit & loss in the period of de-recognition.

Transfers are made to or from investment properties only when there is change in use. Transfer between investment properties, owner occupied properties and inventories do not change the carrying value of the property transferred and they do not change the cost of that property for measurement or disclosure purpose

8. Intangible Assets**Recognition and initial measurement**

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

The useful lives of intangible assets are assessed to be finite. Intangible assets are amortised over their useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end. The intangibles are amortized on a straight line basis over the estimated useful economic life, not exceeding for a period of 5 Years.

The residual values, useful lives and method of depreciation of are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Depreciation and Amortisation of the assets commences when the assets are ready for their intended use. Depreciation and amortisation ceases when the net book value of the asset is zero or the asset is no longer in use. Gains or losses arising from derecognizing of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss at the moment that the asset is derecognised.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

9. Impairment of Non-Financial Assets

Property, Plant and Equipment and Intangible Assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

For assets excluding goodwill, an assessment is made at each reporting period end or whenever triggering event occurs as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company makes an estimation of the recoverable amount.

Goodwill is tested annually for impairment:

A previously recognised impairment loss is reversed only if there has been a change in the estimations used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, or had no impairment loss been recognised for the asset in prior years.

10. Trade Receivable

Trade receivables are amounts due from customers for sale of goods or services performed in the ordinary course of business. Trade receivables are recognized initially at fair value. They are subsequently measured at amortized cost using the effective interest method, net of provision for impairment. The carrying value less impairment provision of trade receivables, are assumed to be approximate to their fair values.

11. Cash and Cash Equivalents

Cash and cash equivalents include cash at bank and deposits held at call with banks.

For the purpose of the cash flows statements, cash and cash equivalents consist of cash and short-term deposits, as defined above.

12. Financial Instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Investments and Other Financial Assets

i. Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

ii. Subsequent measurement

For purposes of subsequent measurement, the Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss in the period in which it arises. Interest income from these financial assets is included in other income.

Equity Investments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses for an equity investments, that is not held for trading, in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established. Changes in the fair value of financial assets at fair value through profit or loss are recognised in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Investment in Subsidiaries

Investments in subsidiaries are carried at cost less impairments (if any). However pursuant to a Scheme of Amalgamation approved by the Hon'ble High Court of Calcutta, from March 31 2014 onwards, the Company shall be stating its Investment in subsidiaries at their fair value and classify the same as "investments available for sale as financial assets".

Extract from para 2.9 of amalgamation scheme of erstwhile Wada Industrial Estate Limited (WIEL) and the Company as a successor to WEIL approved by Hon'ble High Court of Calcutta dated March 18, 2014:

In accordance with the accounting policies applicable to erstwhile WIEL and to the Company as a successor to WIEL, being accounting policies adopted as per the Scheme of Amalgamation approved by the Hon'ble High Court at Calcutta on March 18 2014, the Company has applied AS 30, the Accounting Standard on Financial Instruments: Recognition and Measurement, issued by the Institute of Chartered Accountants of India (ICAI), and pursuant thereto has as on March 31, 2014, being the date of conclusion of the first Accounting Year post the provisions of AS 30 becoming applicable to the Company, classified the investments as "available for sale financial assets" and has accordingly, measured such investments at fair value as on that date (except for those investments whose fair value cannot be reliably measured, which investments in accordance with AS 30 are continued to be measured at cost and their cost is considered as the fair value). All amount required to be taken as per AS 30 to revenue reserve or to an appropriate equity account shall be aggregated and such aggregate shall be taken to the Business Reorganisation Reserves (BRR). In the event of any conflict between the provision of AS 30 and any other Accounting Standards, the provision of AS 30 will be applied in preference to any other Accounting standard. BRR shall constitute a reserve arising as per this Scheme and shall not for any purpose be considered to be a Reserve create by the Company.

In accordance with the accounting policies applicable to WIEL and to the Company as a successor to WIEL being accounting policies adopted as per the Scheme of Amalgamation approved by the Hon'ble High Court at Calcutta, the Board of directors of the transferee Company may at its sole discretion offset any expenses or losses including in particulars, any expenses in the nature of (but not limited to) (a) the interest, forex loss and other financial charges/expenses paid/payable on borrowings and refinancing of borrowings used for acquisition/ investment/ loans to subsidiaries (b) impairment, diminution, loss, amortization, and/ or write off of assets/ investments/ intangibles (including goodwill arising on preparation of consolidated accounts), if any, in the financial statements; and (c) expenses incurred in relation to and in connection with this scheme, by corresponding withdrawal from BRR.

The Institute of Chartered Accountants of India (ICAI) has withdrawn Accounting Standard 30 (Accounting Standard on Financial Instruments: Recognition and Measurement) considering that accounting standards pertaining to Financial Instruments are now part of notified Indian Accounting Standards (Ind AS). Consequent to this, the Company, backed by legal opinion, has applied principles of notified Ind AS related to Financial Instruments being new accounting standards applicable instead of AS 30. All equity investment including Investment in Subsidiaries are designated as fair value through profit & loss. Accordingly, all amounts required to be taken as per the Financial Instruments Standards under Ind AS to revenue reserve or to an appropriate equity account / Other Comprehensive Income are aggregated and such aggregate is taken to Business Reorganisation Reserves (BRR).

iii. Derecognition

A financial asset is derecognised only when:

- the rights to receive cash flows from the asset have expired, or

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows to one or more recipient

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

iv. Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The impairment methodology for each class of financial assets stated above is as follows:

Debt investments measured at amortised cost and FVOCI: Debt investments at amortised cost and those at FVOCI where there has been a significant increase in credit risk, lifetime expected credit loss provision method is used and in all other cases, the impairment provision is determined as 12 months expected credit losses.

Trade receivables from customers: The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which requires the use of the lifetime expected loss provision for all trade receivables.

v. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

b) Derivative Financial Instruments

The Company uses derivative financial instruments, such as forward currency contracts, option contract and cross currency swap, to hedge its foreign currency risks and interest rate risks. Such derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognized in the statement of profit and loss, under financial income or financial cost, in the period when they arise.

c) Share Capital:

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

d) Financial Liabilities

i. Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

ii. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

iii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- Borrowings:** Borrowings are subsequently carried at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a pre-payment for liquidity services and amortized over the period of the facility to which it relates.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Non-Cumulative Preference shares where payment of dividend is discretionary and which are mandatorily redeemable on a specific date, are classified as compounded Instruments. The fair value of the liabilities portion is determined by discounting amount repayable at maturity using market rate of interest. Difference between proceed received and fair value of liability on initial recognition is included in shareholder equity, net of income tax effect and not subsequently remeasured. Subsequently liability component of preference share is measured at amortized cost.

- b) **Trade and other payable:** These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade and payables are subsequently measured at amortized cost using the effective interest method.
- c) **Financial Guarantee Contracts:** Financial Guarantee Contracts are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with IND AS 37 and the amount initially recognized less cumulative amortization, where appropriate.

The fair value of financial guarantee is determined as the present value of the differences in net cash flows between the contractual payments under the debt instruments and the payments that would be required without the guarantee, for the estimated that would be payable to third party for assuming the obligation.

Where guarantees in relation to loan or other payables of associates are provided for no compensation, the fair value are accounted for as contribution and recognized as part of the cost of the investment.

iv. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

13. Income Tax**I. Current Tax**

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

II. Deferred Tax

Deferred tax assets and liabilities shall be measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

14. Employee Benefits**a) Short-term / Long term obligations**

All employee benefits payable wholly within twelve months of rendering the service including performance incentives and compensated absences are classified as short term employee benefits. The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are charged off to the Statement of Profit and Loss/ Capital Work-in-Progress, as applicable. The employee benefits which are not expected to occur within twelve months are classified as long term benefits and are recognised as liability at the net present value.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

b) Defined contribution plan

Contributions to defined contribution schemes such as provident fund, Employees State Insurance and Pension Plans are charged off to the Statement of Profit and Loss/ Capital Work-in-Progress, as applicable, during the year in which the employee renders the related service.

c) Defined benefit plan

I. Gratuity:

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bond and that have terms to maturity approximating to the terms of the related gratuity.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

II. Other Long term employee benefits:

The company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the statement of profit or loss in the period in which the absences occur.

The Company has a scheme for payment of Loyalty on retirement to eligible employees. The scheme is unfunded. The expected cost of loyalty obligation is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method. Expense on loyalty obligation is recognized in the statement of profit or loss in the period in which they occur.

15. Leases

With effect from 1 April 2019, the Company has applied Ind AS 116 'Leases' for all long term and material lease contracts covered by the Ind AS. The Company has adopted modified retrospective approach as stated in Ind AS 116 for all applicable leases on the date of adoption.

Measurement of Lease Liability

At the time of initial recognition, the Company measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is—

- i. increased by interest on lease liability;
- ii. reduced by lease payments made; and
- iii. remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.

Measurement of Right-of-use assets

At the time of initial recognition, the Company measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of borrowing w.r.t said lease contract. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation and any accumulated impairment losses adjusted for any remeasurement of the lease liability specified in Ind AS 116 'Leases'.

Depreciation on 'Right-of-use assets' is provided on straight line basis over the lease period. The exception permitted in Ind AS 116 for low value assets and short term leases has been adopted by Company.

16. Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

Contingent Assets

Contingent assets is disclosed where an inflow of economic benefit is probable.

17. Earnings Per Share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to Owner share holder (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to owner shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

18. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

C. Standards issued but not yet effective and have not been adopted early by the Company.**New and amended standards**

The accounting policies adopted in the preparation of the Financial Statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31st March 2019, except for (a) the adoption of new standard effective as of 1st April, 2019. The Company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

In addition to Ind AS 116 - "Leases", which is applicable for the first time, several other amendments and interpretations apply for the first time from 1st April, 2019, but do not have an impact on the Financial Statements of the Company.

Ind AS 116 - Leases

Ind AS 116 supersedes Ind AS 17 "Leases". The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model. Effective 1st April, 2019, the Company adopted Ind AS 116 "Leases" and applied to all lease contracts, identified under Ind AS 17, existing on 1st April, 2019 using the modified retrospective method on the date of initial application.

There is no difference between discounted operating lease commitments as at 31st March, 2019 and the discounted lease liabilities as at 1st April, 2019. Based on foregoing, as at 1st April, 2019, Right-of-Use asset of Rs. 23.83 lakhs was recognised in the balance sheet.

Appendix C, Uncertainty over Income Tax Treatment to Ind AS 12, Income Taxes

Appendix C to Ind AS 12 clarifies the accounting for uncertainties in income taxes. The interpretation is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

The Company has reversed deferred tax asset (net) amounting to Rs. 10,471.21 lakhs in standalone financial statements as it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized.

Amendment to Ind AS 12, Income Taxes

The Ministry of Corporate Affairs issued amendments to Ind AS 12 – Income Taxes. The amendments clarify that an entity shall recognize the income tax consequences of dividends on financial instruments classified as equity according to where the entity originally recognized those past transactions or events that generated distributable profits were recognized.

The company has not declared any dividend on its financial instruments classified as equity during the year. Thus there is no impact of this amendment on its financial statements.

Ind AS 28 – Long-term Interests in Associates and Joint Ventures

The amendment clarifies that an entity shall be required to apply Ind AS 109 - "Financial Instruments", to long-term interests in an associate or joint venture that form part of the entity's net investment in the associate or joint venture but to which the equity method is not applied.

The Company does not expect any significant impact of this amendment on its financial statements.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Ind AS 103 – Business Combinations and Ind AS 111 - Joint Arrangements

The amendment to Ind AS 103 relating to re-measurement clarify that when an entity obtains control of a business that is a joint operation and had rights to the assets and obligations for the liabilities relating to that joint operation immediately before the acquisition date, the transaction is a business combination achieved in stages and the entity shall re-measure its previously held interests in that business.

The amendment to Ind AS 111 clarifies that when an entity obtains joint control of a business that is a joint operation, the entity does not re-measure previously held interests in that business. The Company will apply the amendment if and when it obtains control / joint control of a business that is a joint operation.

Amendment to Ind AS 19 - Plan Amendment, Curtailment or Settlement

The Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements requiring an entity to determine the current service costs and the net interest for the period after the remeasurement using the assumptions used for the remeasurement; and determine the net interest for the remaining period based on the remeasured net defined benefit liability or asset. The adoption of amendment to Ind AS 19 did not have any material impact on the standalone financial statements of the Company

Ind AS 23- Borrowing Cost

On March 30, 2019, Ministry of Corporate Affairs ("MCA") issued an amendment to Ind-AS 23 "Borrowing Costs", it clarifies that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalization rate on general borrowings. This amendment is effective for annual periods beginning on or after April 1, 2019. The adoption of amendment to Ind AS 23 did not have any material impact on the standalone financial statements of the Company

New Accounting Standards not yet adopted by the Company

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

D. Critical accounting estimates and judgements

Preparing the financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company make estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

a) Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate the cash inflow that is largely independent of those from other asset or group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flow are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted shares prices for publicly traded subsidiaries or other available fair value indicators.

b) Defined benefit obligations

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) for post employments plans include the discount rate. Any changes in these assumptions will impact the carrying amount of such obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the defined benefit obligations. In determining the appropriate discount rate, the Company considers the interest rates of government bonds of maturity approximating the terms of the related plan liability.

c) Income taxes

There are transactions and calculations for which the ultimate tax determination is uncertain and would get finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Deferred tax on temporary differences reversing within the tax holiday period is measured at the tax rates that are expected to apply during the tax holiday period, which is the lower tax rate or the nil tax rates.

d) Recoverability of advances /receivables

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

e) Uncertainty relating to the global health pandemic on COVID-19

In assessing the recoverability of receivables including unbilled receivables, intangible assets, and certain investments, the Company has considered internal and external information up to the date of approval of these standalone financial statements including credit reports and economic forecasts. The Company has performed sensitivity analysis on the assumptions used herein. Based on the current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company on the basis its assessment believes that the probability of the occurrence of forecasted transactions is not impacted by COVID-19. The Company has also considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness and continues to believe that there is no impact on effectiveness of its hedges.

The impact of COVID-19 remains uncertain and may be different from what we have estimated as of the date of approval of these standalone financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

f) Investments made / Intercorporate deposits ("ICDs") given to subsidiaries

In case of investments made and Intercorporate Deposits ("ICD") given by the company in its subsidiaries, the Management assesses whether there is any indication of impairment in the value of investments and ICDs.

g) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Company uses market observable data to the extent available.

Where such Level 1 inputs are not available, the Company establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 33.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements	As at March 31, 2020				As at March 31, 2019

** Fair Valuation of Investments (FVOCI) has been routed through Business Reorganization Reserve.

There were no transfers between any levels during the year.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded Share Price, derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level 3.

(ii) Valuation processes

The Company has obtained assistance of independent and competent third party valuation experts to perform the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. Discussions of valuation processes and results are held between the Company and the valuer on periodic basis.

Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.

(v) Valuation technique used to determine fair values

The main level 3 inputs used by the Company are derived and evaluated as follows:

The fair value of financial instruments is determined using discounted cash flow analysis.

The carrying amount of current financial assets and liabilities are considered to be the same as their fair values, due to their short term nature.

The fair value of the long-term Borrowings with floating-rate of interest is not impacted due to interest rate changes and will not be significantly different from their carrying amounts as there is no significant change in the under-lying credit risk of the Company borrowing (since the date of inception of the loans).

For financial assets and liabilities that are measures at fair value, the carrying amount is equal to the fair values.

34 CAPITAL MANAGEMENT

Risk management

The Company aim to manages its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

35 FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

(A) Credit risk

The company is exposed to credit risk, which is the risk that counter party will default on its contractual obligation resulting in a financial loss to the group. Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost, derivative products and deposits with banks and financial institutions, as well as credit exposures to trade/non-trade customers including outstanding receivables.

(i) Credit risk management

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Ageing of Account receivables

More than 2 years	0.05	68.16
Total	18.57	796.85

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

(B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, group treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the group's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the group in accordance with practice and limits set by the group. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(i) Maturities of financial liabilities

The tables below analyse the group's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows.

Total	(4.14)	4.14	47.00	(47.00)

(ii) Interest Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During the period the Company's borrowings at variable rate were mainly denominated in Rupees.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS -107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

(iii) Price risk

(a) Exposure

The Company's exposure to equity securities price risk arises from investments in equity shares (Quoted) held by the Company and classified in the balance sheet at fair value through profit and loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company. Unquoted investment in equity shares of subsidiaries are not exposed to price risk fluctuations.

(b) Sensitivity

The table below summarizes the impact of increases/decreases of the BSE index on the Company's equity and Gain/Loss for the period.

The analysis is based on the assumption that the index has increased by 5% or decreased by 5% with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

VI Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

a. Gratuity

Particulars	Impact on defined benefit obligation					
	Change in assumptions		Increase in assumptions		Decrease in assumptions	
	March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019
Discount rate	1% / (1%)	1% / (1%)	(3.52)	(4.42)	3.84	4.84
Rate of increase in compensation levels	1% / (1%)	1% / (1%)	3.91	4.97	(3.65)	(4.61)
Attrition Rate	1% / (1%)	1% / (1%)	0.53	0.97	(0.57)	(1.06)

b.

Particulars	March 31, 2020	March 31, 2019
Expected average remaining working lives of employees in years	13 Years	12 Years

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

VII The Defined Benefit obligation shall mature after the end of reporting period is as follows:

Expected contributions to post-employment benefit plans for the year ending March 31, 2020 are INR 9.73 Lakhs (Previous Year - INR 10.48 Lakhs)

The expected maturity analysis of undiscounted plans is as follows:

Particular	March 31, 2020	March 31, 2019

44 The company had entered into agreements with its principal subsidiaries viz Edayar Zinc Limited (EZL) and step down subsidiaries Goa Glass Fibre Limited (GGFL) for grant of the use of the marks, corporate name, logo etc., in consideration of payment of Royalty. However, the company has decided not to charge royalty from EZL, GGFL and BTCL w.e.f April 01, 2014.

45 The Company was providing Logistics Services to one of its subsidiary i.e. BCL (subsidiary till July 24, 2017). The said subsidiary is now taking logistics services from other vendors. The Company is in process of finding alternate business opportunities.

The management is working towards finding a workable solution to resolve the financial position by discussion with the lenders and others and to continue its business as going concern. Accordingly, the management considers it appropriate to prepare these financial statements on a going concern basis.

46 The Company had initiated the process of identifying the suppliers who qualify under the definition of micro and small enterprises, as defined under the Micro, Small and Medium Enterprises Development Act, 2006. Since no intimation has been received from the suppliers except Legacies Services Pvt. Ltd. regarding their status under the said Act as at March 31, 2020, disclosures relating to amounts unpaid as at the year end, if any, have not been furnished. In the opinion of the management, the impact of interest, if any, that may be payable in accordance with the provisions of the Act is not expected to be material.

Legasis Services Pvt. Ltd.	₹ 2.45 Lakhs

47 Global Composite Holding INC a wholly owned foreign subsidiary of the Company is looking for new business opportunities post the sale of its assets in March 2015. The Company is hopeful of recovering the loans extended to Global Composite Holding Inc and has made a provision for write off of advances for only Rs. 4,582 lakhs. The amount outstanding as on March 31, 2020 (net of the provision for write off) is Rs. 371.2 lakhs and on basis of the Company's discussion with the management of Global Composite Holding INC, the Company believe these receivables are good and no provision is considered necessary in respect of this outstanding balance.

48 Few creditors have filed insolvency proceedings under Insolvency and Bankruptcy Board (IBC) and cases under section 138 of Negotiable Instrument Act 1881. During the year 2019-20, the Company has settled with all its creditors.

49 On May 14, 2018 the Shareholders passed resolution giving power to Board of Directors of the Company to sell the freehold land situated at Wada which was originally acquired for the purpose of setting up factory.

50 Pursuant to a separate Scheme of Amalgamation approved by the Hon'ble High Court at Kolkata between Wada Industrial Estate Limited (WIEL) and a step down wholly owned subsidiary of the Company on March 18, 2014, being the Company as a successor to WIEL (the scheme), the Company had applied AS 30, Accounting Standard on Financial Instruments: Recognition and Measurement (AS 30), issued by the Institute of Chartered Accountants of India (ICAI), and pursuant thereto has as on March 31, 2014, being the date of conclusion of the first Accounting Year post the provisions of AS 30 becoming applicable to the Company, classified the investments as "available for sale financial assets" and has accordingly, measured such investments at fair value as on that date. All amount required to be taken as per AS 30 to revenue reserve or to an appropriate equity account shall be aggregated and such aggregate shall be taken to the Business Reorganisation Reserves (BRR). As mentioned in the scheme, In the event of any conflict between the provision of AS 30 and any other Accounting Standards, the provision of AS 30 will be applied in preference to any other Accounting Standard. BRR shall constitute a reserve arising as per this Scheme and shall not for any purpose be considered to be a Reserve created by the Company.

During the year 2016, the Institute of Chartered Accountants of India (ICAI) has withdrawn AS 30. Consequent to this, the Company has applied principles of notified Ind AS 109 related to Financial Instruments being new accounting standards applicable instead of AS 30. All equity investment including Investment in Subsidiaries are fair valued. Accordingly, all amounts required to be taken as per the Financial Instruments Standards under Ind AS to revenue reserve or to an appropriate equity account / Other Comprehensive Income are aggregated and such aggregated amount is taken to Business Reorganisation Reserves (BRR).

The Company has offset certain expenses (net) amounting to Rs. 80,038.45 Lakhs against BRR during the year ended March 31, 2020.

51 The Shareholders have approved Capital Reduction by Cancellation of Paid-up Share Capital of the Company u/s 66(1)(b)(i) of the Companies Act, 2013 whereby, the issued, subscribed and paid-up Equity capital of the Company is reduced from Rs. 31,36,61,750 (Rupees Thirty One Crore Thirty Six Lakhs Sixty One Thousand Seven Hundred and Fifty Only) consisting of 3,13,66,175 (Three Crores Thirteen Lakhs Sixty Six Thousand One Hundred And Seventy Five Only) equity shares of Rs. 10 (Rupees Ten) each to Rs. 31,36,610 (Rupees Thirty One Lakhs Thirty Six Thousand Six Hundred And Ten only) consisting of 3,13,661 (Three Lakhs Thirteen Thousand Six Hundred And Sixty One Only) equity shares of Rs. 10 (Rupees Ten) each by cancelling and extinguishing, in aggregate, 99% (Ninety nine percent) of the total issued, subscribed and paid-up equity share capital of the Company, comprising 3,10,52,514 (Three Crore, Ten Lakhs Fifty Two Thousand Five Hundred And Fourteen Only) equity shares of Rs. 10 (Rupees Ten) each. The Scrutinizer Report dated 17th July, 2020 was taken on Board and filed with Stock Exchange.

Independent Auditor's Report

To the Members of Binani Industries Limited

Report on the Audit of the Consolidated IND AS Financial Statements

Opinion

We have audited the accompanying Consolidated IND AS Financial Statements of Binani Industries Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2020, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash flow statement for the year then ended, and notes to the Consolidated Ind AS financial statements, including a summary of significant accounting policies (hereinafter referred to as "the Consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiaries, based on the substantive nature and significance of the matters described in paragraph 1 to 5 and its possible effects of the matters described therein in the "Basis of Disclaimer" paragraph below, we are unable to comment whether the accompanying Consolidated Ind AS financial statements give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group, as at March 31, 2020, of consolidated loss, consolidated changes in equity and their consolidated cash flows for the year then ended.

Basis for Disclaimer Opinion

We conducted our audit of the Consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements' section of our report. We are independent of the Group in accordance with the Code of Ethics and provisions of the Act that are relevant to our audit of the Consolidated Ind AS Financial Statements in India under the Act and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics and requirements under the Act.

1. We draw attention to the following Disclaimer of Opinion paragraph in the Audit report on Consolidated Financial Statement of 3B Binani Glassfibre Sarl and its subsidiaries issued by an independent firm vide its Report dated November 9, 2020 reproduced by us as under:

"The Group has been severely affected by the economic consequences of the COVID-19 pandemic due to its significant impact on the main business opportunities, significantly reducing the sales outlook for at least the fiscal year 2020/2021. This effect, whose total magnitude is still unknown, combined with an important increase in certain production costs, will have a significant impact on the Group's profitability and its ability to generate cash-flows. These impacts are likely to aggravate the pre-existing financing difficulties of the Group in terms of liquidity and solvability. To resolve this, the Group and its Shareholders, in discussion with Senior Lenders, are currently seeking to remediate to the liquidity problems by various alternatives including refinancing and other debt reduction plans and reshaping the financing model. Although underway for several months, the medium term actions under taken to resolve the financing difficulties could not be completed to date and we have not received further management's assessment guaranteeing the entity's ability to continue as a going concern.

As a result, we have not been able to gather sufficient and appropriate audit evidence to express an opinion on the appropriateness of the going concern accounting principle.

2. The Holding Company has given corporate guarantees aggregating to Rs. 22,525.46 lakhs as at March 31, 2020 to banks and financial institutions on behalf of various subsidiaries. The Holding Company has determined the loss allowances to the extent of Rs. 2,149.10 Lakhs as at March 31, 2020 in respect of these corporate guarantees as required by Ind AS 109 – 'Financial Instruments'. (Refer Note 43(ii) of the Consolidated Ind AS financial statements)
3. We draw attention to the following Emphasis of Matter paragraph in the Audit report on Consolidated Financial Statement of Edayar Zinc Ltd. and its subsidiaries issued by an independent firm vide its Report dated September 3, 2020 reproduced by us in point a) below as under:
 - a) i) Relevant note of the financial statements stating that the consortium of banks have sanctioned one time settlement (OTS) for Rs. 175 crores and as per OTS terms the mortgaged assets will be sold and the proceeds will be utilized for payment towards OTS. This event will lead to disposal of substantial assets of the company which may affect the going concern concept of the company.
 - ii) Relevant note of the financial statements stating that in the opinion of the management due to COVID-19 situation, disclosure as per Ind AS 36 - Impairment of Assets and Ind AS 105 - Non Current Assets Held for sale and Discontinued Operations is not feasible, which will affect the financials position of the company, however the impact of the same has not been quantified in the financial statements.

- ii) We draw attention to the fact that the net worth of the company has been fully eroded and this indicates the existence of a material uncertainty that cast significant doubt about the Company's ability to continue as going concern.
 - b) Contingent liability in respect of disputed electricity charges amounting to Rs 4,662 lakhs including interest of Rs. 1,831 lakhs. The Company has provided for Rs. 1,000 Lakhs there against; if liability were to be finally upheld then the impact on net worth of EZL could be significant (*refer note 35 (II-V) of the the Consolidated Ind AS financial statements*).
 - c) Bankers have filed the case with the High Court of Bombay to declare the directors of the EZL as willful defaulters, as informed to the auditor, the matter is sub-judice (*Refer Note 44(b)(xii) the Consolidated Ind AS financial statements*).
4. We draw attention to the following Emphasis of Matter paragraph in the Audit report on Financial Statement of Nirbhay Management Services Pvt. Ltd. issued by an independent firm vide its Report dated September 28, 2020 reproduced by us as under:

"We draw attention to the fact that the net worth of the company has been fully eroded and this indicates the existence of a material uncertainty that cast significant doubt about the Company's ability to continue as going concern."

In our opinion, because of the significance of the matter described in the "Basis for disclaimer of opinion" paragraph above, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

5. Material uncertainty related to Going Concern

Management has prepared the Consolidated Financial Results on going concern basis in spite of the following facts and circumstances:

- a. The Group has reported losses of Rs. 1,25,513.47 lakhs for the year ended March 31, 2020 and potential financial impact due to the lock-down and other restrictions and conditions related to the COVID – 19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve. (*refer note 47 of the Statement the Consolidated Ind AS financial statements*).
- b. The constant and continuing decrease in the operations of the Group.
- c. Significance of the matters stated in paragraphs 1 to 4 above.

These matters, including the status of the Group as at the date of this report, indicate a material uncertainty regarding Group's ability to continue as a going concern. While provisions have been made for asset impairment and liabilities as estimated to be likely occur, further provisions may arise, if the Group is unable to realize its assets and discharge its liabilities in the normal course of business.

The management is working towards finding a workable solution to resolve the financial position by discussions with the lenders and others and to continue its business as going concern. Accordingly, the management considers it appropriate to prepare these financial statements on a going concern basis.

Information Other than the Consolidated IND AS Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis and Board's Report including Annexures to Board's Report etc. but does not include the Consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the Consolidated IND AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated IND AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated IND AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. As described in the Basis for Disclaimer of Opinion section above, we have concluded that the other information is materially misstated for the same reason with respect to the amounts or other items in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report.

Key Audit Matters

Except for the matters described in the Basis for Disclaimer of Opinion section, we have determined that there are no other key audit matters to communicate in our report.

Responsibilities of the Management for the Consolidated IND AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Ind AS financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended including the Companies (Indian Accounting Standards) Amendment Rules, 2019. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated IND AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated IND AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated IND AS Financial Statements, including the disclosures, and whether the Consolidated IND AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent

auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding of Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure A

To the Independent Auditor's Report of Even Date on the Consolidated IND AS Financial Statements of Binani Industries Limited

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Binani Industries Limited on the Consolidated Ind AS Financial Statements for the year ended March 31, 2020]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of Binani Industries Limited as of and for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting of Binani Industries Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "the internal financial control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to Consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to Consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to Consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to Consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting with reference to Consolidated Ind AS financial statements of the Holding Company and its subsidiary companies.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

A Company's internal financial control over financial reporting with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Disclaimer Opinion

In our opinion, because of the matters described in the basis for disclaimer opinion paragraph of main report and considering the matters in audit report of the subsidiary auditors and its possible effects, we cannot determine if the Company has maintained internal financial controls with reference to financial statements and whether such internal financial controls with reference to financial statements were operating effectively as of March 31, 2020, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in Guidance Note.

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements for the year ended March 31, 2020, and these material weaknesses have inter - alia affected our opinion on the financial statements of the Group and we have issued Disclaimer opinion on the Consolidated Ind AS financial statements.

a) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

b) Foreign currency

Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of Group at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise. The gain or loss arising on translation of non-monetary items measured at cost is treated in line with the recognition of the gain or loss on the change in the value of the item (i.e., translation differences on items whose gain or loss is recognised in OCI or statement of profit & loss are also recognised in OCI or statement of profit & loss, respectively).

In respect of foreign exchange differences arising on revaluation or settlement of long term foreign currency monetary items, the Group has availed the option available in the Companies (Accounting Standards) (Second Amendment) Rules 2011, wherein:

- Foreign exchange differences on account of depreciable assets are adjusted in the cost of Depreciable assets and would be depreciated over the balance life of the assets.
- In other cases, foreign exchange differences are accumulated in "Foreign Currency Monetary Item Translation Difference Account" and amortised over the balance period of such long term assets / liabilities.
- An asset or liability is designated as a long term foreign currency monetary item, if the asset or liability is expressed in a foreign currency and has a term of twelve months or more at the date of origination of the asset or the liability, which is determined taking into consideration the terms of the payment / settlement as defined under the respective agreement / memorandum of understanding.

Translation of financial statements of foreign entities

On consolidation, the assets and liabilities of foreign operations are translated into (Indian Rupees) at the exchange rate prevailing at the reporting date and their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in Consolidated Statement of Other Comprehensive income

(All amounts in INR lakhs, unless otherwise stated)

c) Fair Value Measurement

The Group discloses fair values of financial instruments measured at amortised cost in the consolidated financial statements.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The Group must be able to access the principal or the most advantageous market at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the Consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. Valuation process and assumption used to measure the fair value of Assets and Liabilities is disclosed.

d) Principles of Consolidation and equity accounting**(i) Subsidiaries**

The consolidated financial statements comprise the financial statements of the Company and of its subsidiary over which the group has control which has been prepared in accordance with Ind AS 110 - "Consolidated Financial Statements". Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

The Consolidated financial statements of the Parent and its subsidiary companies have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and unrealized profits or losses on intra-group transactions. The financial statements of the Company, its subsidiaries and joint ventures have been consolidated using uniform accounting policies.

The financial statements of the subsidiaries used in consolidation are drawn up to the same reporting date as that of the Company i.e. year ended March 31, 2020.

Profit or loss and each component of other comprehensive income ("OCI") are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

(ii) Joint Ventures

Interests in joint ventures are accounted for using the equity method after initially being recognised at cost in consolidated balance sheet. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.

Dividends received or receivable from joint venture are recognised as a reduction in the carrying amount of the investment. When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity. Unrealised gains on transactions between the group and its joint venture are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group. The carrying amounts of equity accounted investments are tested for impairment.

e) Revenue recognition

Effective 1 April 2018, the Company has adopted Ind AS 115 'Revenue from Contracts with Customers' using the cumulative effect method. Accordingly, the standard is applied only to the contracts that were not completed as at 1 April 2018 and the comparative information in the statement of profit and loss is not restated. The impact of adoption of the standard on the financial statements of the Company is insignificant.

Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance under Ind AS 18.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

The specific recognition criteria described below must also be met before revenue is recognized.

Sale of goods

Revenue from the sale of goods is recognised when the control of the goods is transferred i.e. when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable. Revenue from the sale of goods is measured at amount of transaction price (net of variable consideration) allocated to that performance obligation. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved. Revenue is measured after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and services tax, etc.

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Sale of services

Revenue from rendering of services is recognized over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Interest Income

Interest Income is recognized on a basis of effective interest method as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

Dividend Income

Dividend income from investments is recognized when the Company's right to receive dividend is established.

Revenue from Constructions contracts

Revenue from construction contracts is recognized by reference to the stage of completion of the construction activity as on Balance Sheet date, as measured by the proportion that contract cost incurred for work performed to date bear to the estimated total contract cost. Where the outcome of the construction cannot be estimated reliably, revenue is recognized to the extent of the construction cost incurred if it is probable that they will be recoverable. In the case of the contract defined with milestones and assigned price for each mile stone it recognizes the revenue on transfer of significant risks and rewards which coincides with achievement of mile stone and its acceptance by the customer. Provision is made for all losses incurred to the Balance Sheet date. Any further losses which are foreseen in bringing contracts to completion are also recognized. Contract Revenue earned in excess of billing has been reflected in Other Current Assets and billing in excess of contract revenue has been reflected under Current Liabilities in the Balance Sheet.

Other Revenue is recognized as follow:**Finance Income:**

Finance income is recognised as it accrues using the Effective Interest Rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payment or receipts over the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability. Finance income is included in other income in the profit & Loss Account.

f) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are included in the cost of that asset. Qualifying asset are asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the statement of profit & loss in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs is reduced to the extent of income arising from temporary parking of funds in fixed deposits and mutual funds.

The capitalisation of borrowing costs is suspended if there are prolonged periods when active development is interrupted. Interest expense for such period has been charged to statement of profit & loss account.

g) Property, Plant and equipment (PPE)**Recognition and initial measurement**

Freehold land and leasehold land are carried at fair value based on periodic valuation by the external independent valuers. Increase in the carrying amounts arising on revaluation of freehold and leasehold land are recognised, net of tax, in other comprehensive income and accumulated in reserves in shareholder's equity. To the extent that the reverses show a decrease previously recognised in profit or loss, the increase is first recognised in profit and loss. Decrease that reverses previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss. Each year, difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from the revaluation reserve to the retained earnings.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

All other items of property, plant and equipment acquired or constructed are initially recognized at cost net of recoverable taxes, duties, trade discounts and rebates, less accumulated depreciation and impairment loss, if any. The cost of Property, Plant and Equipment comprises of its purchase price, borrowing costs and adjustment arising for exchange rate variations attributable to the assets, including any cost directly attributable to bringing the assets to their working condition for their intended use.

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost (net of revenues during constructions) are disclosed under Capital Work-in-Progress.

Spare parts are recognised when they meet the definition of property, plant and equipment; otherwise, such items are classified as inventory.

Subsequent measurement (depreciation and useful lives)

- (a) When significant parts of plant and equipment are required to be replaced at regular intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance costs are recognized in the statement of profit & loss as and when incurred.
- (b) Depreciation on property, plant and equipment (except for Office & Transport Equipment which is provided on Written Down Value Method) is provided on the Straight-Line Method, computed on the basis of useful life prescribed in Schedule II to the Companies Act, 2013, on a pro-rata basis from the date the asset is ready to use.
- (c) The residual values, useful lives and method of depreciation are reviewed at the end of each financial year and adjusted prospectively, if appropriate.
- (d) **In Case of GGFL**

Useful life assessed is lower than life mentioned under schedule – II of Companies Act, 2013– Since inception GGFL has built 4 furnaces, it has been observed in first three cases the life of glass contact refractory's was 6 years and expected life of superstructure of the furnace is 10 years. However latest Furnace Rebuilt is done with support of the Company and improved technology and expected life is 8 years & same has been proved at Europe Location.

Below are the mentioned assets.

Particulars	Description of Asset	Useful life
Plant & Machinery	Glass Contact Refractories	8
Plant & Machinery	Super Structure of furnace	10

Useful life assessed is higher than life mentioned under Schedule – II of Companies Act, 2013 – GGFL have been put in operation from the year 1996. Though Companies Act, 2013 specifies life 13 years, below specified equipment's being in operation for 18 years are consistent in their operating performance. Hence looking into the above the life expectancy of these machine is considered more than 13 years and same has been certified by external agency.

Below are the mentioned assets.

Particulars	Description of Asset	Useful life
Plant & Machinery	Electric Boost/ Thyristor / Engineering and their ancillary items	15
Plant & Machinery	Liquid Petroleum heating system	18
Plant & Machinery	DG/Turret Winder/Transpower and their ancillary items	20
Plant & Machinery	Winder/ Dryer Lane/60TR/10TR chiller and their ancillary items	25

- (e) In case of GGFL and 3B Binani, the Alloy, i.e. Platinum & Rhodium, is measured at historical cost less depreciation. A quarterly depreciation is applied based on the average historical quarterly losses recorded in the production process. At the end of each quarter, a full physical inventory is performed, and an adjustment disposal is done in line with the real quantity lost valued at book value. The calculated disposal is adjusted versus the acquisition value account versus an offset in the opposite of the depreciation. The actual alloy metal depreciation rate for 2019-2020 has been calculated at 4.70 % (prior year 3.75 %).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in statement of profit & loss when the asset is derecognized.

h) Investment properties**Recognition and initial measurement**

Investment properties are properties held to earn rentals or for capital appreciation, or both.

Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in statement of profit & loss as incurred.

De-recognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit & loss in the period of de-recognition.

Transfers are made to or from investment properties only when there is change in use. Transfer between investment properties, owner occupied properties and inventories do not change the carrying value of the property transferred and they do not change the cost of that property for measurement or disclosure purpose

i) Intangible assets**Recognition and initial measurement**

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

The useful lives of intangible assets are assessed to be finite. Intangible assets are amortised over their useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end. The intangibles are depreciated on a straight line basis over a period of 5 Years.

The residual values, useful lives and method of depreciation of are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Depreciation and Amortisation of the assets commences when the assets are ready for their intended use. Depreciation and amortisation ceases when the net book value of the asset is zero or the asset is no longer in use.

Gains or losses arising from derecognizing of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss at the moment that the asset is derecognised.

j) Impairment of non-financial assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

For assets excluding goodwill, an assessment is made at each reporting period end or whenever triggering event occurs as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Group makes an estimation of the recoverable amount.

Goodwill and intangible under development is tested annually for impairment.

A previously recognised impairment loss is reversed only if there has been a change in the estimations used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, or had no impairment loss been recognised for the asset in prior years.

K) Inventories

Raw Materials, Stores and Spares and work in process is valued at lower of weighted average cost (net of ITC) and Net Realizable Value (NRV) Finished Goods have been valued at lower of cost and net realisable value. Cost for this purpose includes direct cost, attributable overheads and GST.

Traded Goods have been valued at lower of cost and net realisable value. The cost of inventories shall comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

By-products are valued at estimated selling price.

NRV is the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated cost necessary to make the sale.

l) Trade Receivable

Trade receivables are amounts due from customers for sale of goods or services performed in the ordinary course of business. Trade receivables are recognized initially at fair value. They are subsequently measured at amortised cost using the effective interest method, net of provision for impairment. The carrying value less impairment provision of trade receivables, are assumed to be approximate to their fair values.

m) Cash and cash equivalents

Cash and cash equivalents include cash at bank and in hand and deposits held at call with banks.

For the purpose of the cash flows statements, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

n) Financial Instruments

a) Investments and other financial assets

i. Initial recognition and measurement

The Group recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

ii. Subsequent measurement

For purposes of subsequent measurement, the Group classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises. Interest income from these financial assets is included in other income.

Equity investments

The Group subsequently measures all equity investments at fair value. Where the Group's Management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established. Changes in the fair value of financial assets at fair value through profit or loss are recognised in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

iii. Derecognition

A financial asset is derecognised only when:

- i. the rights to receive cash flows from the asset have expired, or

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

- ii. the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows to one or more recipient

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

iv. Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The impairment methodology for each class of financial assets stated above is as follows:

Debt investments measured at amortised cost and FVOCI: Debt investments at amortised cost and those at FVOCI where there has been a significant increase in credit risk, lifetime expected credit loss provision method is used and in all other cases, the impairment provision is determined as 12months expected credit losses.

Trade receivables from customers: The Group applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which requires the use of the lifetime expected loss provision for all trade receivables.

v. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

b. Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts, option contract and cross currency swap, to hedge its foreign currency risks and interest rate risks. Such derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognized in the statement of profit and loss, under financial income or financial cost, in the period when they arise.

c. Share Capital:

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

d. Financial Liabilities

i. Classification as debt or equity

Debt and equity instruments issued by the Group were classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

ii. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

iii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- 1) **Borrowings:** Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities. The dividends on these preference shares are recognized in profit or loss as finance costs.

Non-Cumulative Preference shares where payment of dividend is discretionary and which are mandatorily redeemable on a specific date are classified as compounded Instruments. The fair value of the liabilities portion is determined by discounting amount repayable at maturity using market rate of interest. Difference between proceed receive and fair value of liability on initial recognition is included in shareholder equity, net off income tax effect and not subsequently re-measured. Subsequently liability component of preference share is measured at amortised cost.

- 2) **Trade and other payable:** These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade and other payables are subsequently measured at amortized cost using the effective interest method.
- 3) **Financial Guarantee Contracts:**

Financial Guarantee Contracts are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with IND AS 37 and the amount initially recognized less cumulative amortization, where appropriate.

The fair value of financial guarantee is determined as the present value of the differences in net cash flows between the contractual payments under the debt instruments and the payments that would be required without the guarantee, for the estimated that would be payable to third party for assuming the obligation.

iv. De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

o) Income tax**Current Tax**

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

Deferred Tax

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

p) Employee Benefits

a) Short-term / long term obligations

All employee benefits payable wholly within twelve months of rendering the service including performance incentives and compensated absences are classified as short term employee benefits. The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are charged off to the Statement of Profit and Loss/ Capital Work-in Progress, as applicable. The employee benefits which are not expected to occur within twelve months are classified as long term benefits and are recognised as liability at the net present value.

b) Defined contribution plan

Contributions to defined contribution schemes such as provident fund, Employees State Insurance and Pension Plans are charged off to the Statement of Profit and Loss/ Capital Work-in-Progress, as applicable, during the year in which the employee renders the related service.

c) Defined benefit plan

i) Gratuity:

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bond and that have terms to maturity approximating to the terms of the related gratuity.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

ii) Other Long term employee benefits:

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the statement of profit or loss in the period in which the absences occur.

The Group has a scheme for payment of Loyalty on retirement to eligible employees. The scheme is unfunded. The expected cost of loyalty obligation is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method. Expense on loyalty obligation is recognized in the statement of profit or loss in the period in which they occur.

(All amounts in INR lakhs, unless otherwise stated)

q) Provisions, contingent liabilities and contingent assets**Provisions**

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

r) Leases

With effect from 1 April 2019, the Group has applied Ind AS 116 'Leases' for all long term and material lease contracts covered by the Ind AS. The Group has adopted modified retrospective approach as stated in Ind AS 116 for all applicable leases on the date of adoption.

Measurement of Lease Liability

At the time of initial recognition, the Group measures lease liability as present value of all lease payments discounted using the Group's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is –

- i. increased by interest on lease liability;
- ii. reduced by lease payments made; and
- iii. remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.

Measurement of Right-of-use assets

At the time of initial recognition, the Group measures 'Right-of-use assets' as present value of all lease payments discounted using the Group's incremental cost of borrowing w.r.t said lease contract. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation and any accumulated impairment losses adjusted for any re-measurement of the lease liability specified in Ind AS 116 'Leases'.

Depreciation on 'Right-of-use assets' is provided on straight line basis over the lease period. The exception permitted in Ind AS 116 for low value assets and short term leases has been adopted by Group.

s) Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset (or disposal group) and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification.

Property, plant and equipment and intangible are not depreciated, or amortised once classified as held for sale. Assets classified as held for sale are presented separately from other items in the balance sheet.

Non-current assets and disposal groups classified as held for sale are measured at lower of their carrying amount and fair value less costs to sell.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

t) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM) of the Parent Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Group.

u) Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the consolidated financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

v) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to owner equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to owner equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

w) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

x) Critical accounting estimates and judgements

Preparing the financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group make estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) Impairment of Non-Financial Assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate the cash inflow that is largely independent of those from other asset or group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flow are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted shares prices for publicly traded subsidiaries or other available fair value indicators.

(b) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

(c) Defined benefit obligations

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) for post employment plans include the discount rate. Any changes in these assumptions will impact the carrying amount of such obligations.

The Group determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the defined benefit obligations. In determining the appropriate discount rate, the Group considers the interest rates of government bonds of maturity approximating the terms of the related plan liability.

(d) Income taxes

There are transactions and calculations for which the ultimate tax determination is uncertain and would get finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Deferred tax on temporary differences reversing within the tax holiday period is measured at the tax rates that are expected to apply during the tax holiday period, which is the lower tax rate or the nil tax rates.

(e) Recoverability of advances /receivables

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

(f) Uncertainty relating to the global health pandemic on COVID-19

In assessing the recoverability of receivables including unbilled receivables, intangible assets, and certain investments, the Company has considered internal and external information up to the date of approval of these standalone financial statements including credit reports and economic forecasts. The Company has performed sensitivity analysis on the assumptions used herein. Based on the current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company on the basis its assessment believes that the probability of the occurrence of forecasted transactions is not impacted by COVID-19. The Company has also considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness and continues to believe that there is no impact on effectiveness of its hedges.

The impact of COVID-19 remains uncertain and may be different from what we have estimated as of the date of approval of these standalone financial statements and the Company will continue to closely monitor any material changes to future economic conditions

y) Standards issued but not yet effective and have not been adopted early by the Company.**New and amended standards**

The accounting policies adopted in the preparation of the Financial Statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31st March 2019, except for the adoption of new standard effective as of 1st April, 2019. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

In addition to Ind AS 116 - "Leases", which is applicable for the first time, several other amendments and interpretations apply for the first time from 1st April, 2019, but do not have an impact on the financial statements of the Group.

a) Ind AS 116 – Leases

Ind AS 116 supersedes Ind AS 17 "Leases". The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model. Effective 1st April, 2019, the Group adopted Ind AS 116 "Leases" and applied to all lease contracts, identified under Ind AS 17, existing on 1st April, 2019 using the modified retrospective method on the date of initial application.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

There is no difference between discounted operating lease commitments as at 31st March, 2019 and the discounted lease liabilities as at 1st April, 2019.

Based on foregoing, as at April 1, 2019, Right-of-Use asset of Rs. 23.83 lakhs was recognised in the balance sheet.

b) Appendix C, Uncertainty over Income Tax Treatment to Ind AS 12, Income Taxes

Appendix C to Ind AS 12 clarifies the accounting for uncertainties in income taxes. The interpretation is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

Refer Note 31 for disclosure of Deferred tax treatment in financial statements.

c) Amendment to Ind AS 12, Income Taxes

The Ministry of Corporate Affairs issued amendments to Ind AS 12 – Income Taxes. The amendments clarify that an entity shall recognize the income tax consequences of dividends on financial instruments classified as equity according to where the entity originally recognized those past transactions or events that generated distributable profits were recognized.

The company has not declared any dividend on its financial instruments classified as equity during the year. Thus there is no impact of this amendment on its financial statements.

d) Ind AS 28 – Long-term Interests in Associates and Joint Ventures

The amendment clarifies that an entity shall be required to apply Ind AS 109 - "Financial Instruments", to long-term interests in an associate or joint venture that form part of the entity's net investment in the associate or joint venture but to which the equity method is not applied.

The Company does not expect any significant impact of this amendment on its financial statements.

e) Ind AS 103 – Business Combinations and Ind AS 111 - Joint Arrangements

The amendment to Ind AS 103 relating to re-measurement clarify that when an entity obtains control of a business that is a joint operation and had rights to the assets and obligations for the liabilities relating to that joint operation immediately before the acquisition date, the transaction is a business combination achieved in stages and the entity shall re-measure its previously held interests in that business.

The amendment to Ind AS 111 clarifies that when an entity obtains joint control of a business that is a joint operation, the entity does not re-measure previously held interests in that business. The Company will apply the amendment if and when it obtains control / joint control of a business that is a joint operation.

f) Ind AS 19 - Plan amendment, curtailment or settlement

The amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The adoption of amendment to Ind AS 19 did not have any material impact on the standalone financial statements of the Company

g) Ind AS 23- Borrowing Cost

On 30 March, 2019, Ministry of Corporate Affairs ("MCA") issued an amendment to Ind-AS 23 "Borrowing Costs", it clarifies that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalization rate on general borrowings. This amendment is effective for annual periods beginning on or after 1 April, 2019. The adoption of amendment to Ind AS 23 did not have any material impact on the standalone financial statements of the Company

h) New Accounting Standards not yet adopted by the Company

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements At March 31, 2020	Level 1	Level 2	Level 3	Total
Financial assets				
Financial Investments at FVTPL	1.04	-	-	1.04
Total financial assets	1.04	-	-	1.04

Financial assets and liabilities measured at fair value - recurring fair value measurements At March 31, 2019	Level 1	Level 2	Level 3	Total
Financial assets				
Financial Investments at FVTPL	1.04	-	-	1.04
Total financial assets	1.04	-	-	1.04

There were no transfers between any levels during the year.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded Share Price, derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level 3.

(ii) Fair value of financial assets and liabilities measured at amortised cost

33 Capital management**(a) Risk management**

The Group aim to manages its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Group is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

34 Financial risk management

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Group manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

(A) Credit risk

The Group is exposed to credit risk, which is the risk that counter party will default on its contractual obligation resulting in a financial loss to the Group. Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to trade/non-trade customers including outstanding receivables.

(i) Credit risk management

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

(All amounts in INR lakhs, unless otherwise stated)

- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans or receivables have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Group measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

(B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the group's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the group in accordance with practice and limits set by the company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(i) Maturities of financial liabilities

The tables below analyse the group's financial liabilities into relevant maturity groupings based on their contractual maturities for:

(C) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk : currency risk, and interest rate risk.

(i) Foreign currency risk

The Group has Long term Monetary assets which are in currency other than its functional currency. The Group has long term monetary liabilities which are in currency other than its functional currency. Foreign currency risk, as defined in Ind AS 107, arises as the value of future transactions, recognised monetary assets and monetary liabilities denominated in other currencies fluctuate due to changes in foreign exchange rates.

(a) Foreign currency risk exposure:

Foreign currency risk is that the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group operates internationally and a portion of its business is transacted in several currencies and consequently the Group is exposed to foreign exchange risk through its overseas sales and purchases in various foreign currencies. The Group hedges the receivables as well as payables after discussion with the Forex Consultant and as per policies set by the management.

The Group has following unhedged foreign currency risk at the end of the reporting period expressed in INR, are as follows

(b) Foreign Currency Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and the impact on other components of equity arises from foreign forward exchange contracts, foreign exchange option contracts designated as cash flow hedges.

A Change of 1% in Foreign Currency would have following Impact on the profit before tax

Particulars	March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019

Total	(2,200.23)	(1,820.97)	2,200.23	1,820.97

(ii) Market Risk - Interest Rate

The interest rate risk is risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates

The Group borrows at variable as well as fixed interest rates and the same is managed by the Group by constantly monitoring the trends & expectations. In order to reduce the overall interest cost, the Group has borrowed a mix of short term & long term loans.

The group's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. The Company has not hedged the interest rate risk.

(a) Interest rate risk exposure

The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	March 31, 2020	March 31, 2019
Variable rate borrowings	218,224.36	204,006.15
Fixed rate borrowings	23,946.08	11,162.94
Total borrowings	242,170.44	215,169.09

(b) Interest sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates on the borrowings at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for whole of the year. A 50 basis point increases or decreases is used for internal review by the key management personnel.

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

A Change of 50 bps in Interest rate would have following Impact on the profit before tax

Particulars	Impact on Profit / (Loss) and Equity	
	2019-20	2018-19
Interest rates - increase by 50 basis points *	(1,091.12)	(1,020.03)
Interest rates - decreases by 50 basis points *	1,091.12	1,020.03

* Assuming all other variables are constant

(iii) Price risk

(a) Exposure

The Group exposure to equity securities price risk arises from investments held by the Group and classified in the balance sheet at fair value through profit and loss. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

(b) Price Sensitivity analysis

The table below summarizes the impact of increases/decreases of the BSE index on the Company's equity and Gain/Loss for the period.

The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

Notes

1 In case of BIL

- i The City Civil Court at Kolkata has passed an order dated December 3rd, 2009 not recognizing the company as a tenant whereby the godown has been handed over to the Standard Chartered Bank ("the Bank"), the recognized tenant. However, the Bank has been given time by the court to recover rent and / or charges as well as other amounts in respect of the said godown. However, till date no recovery proceedings have been initiated by the Bank and, therefore, the liability if any, cannot be quantified.
- ii The Company has given Counter guarantee to a BNP Paribas "the bank" in respect of a guarantee furnished by the company to the Government of India for certain transactions of a M/s. Devidas & Co ("partnership firm") against the original counter guarantee of Rs. 89.97 lakhs. The fixed deposit with the bank as at 'March 31, 2020 is Rs. 181.42 lakhs (As at 'March 31, 2019 Rs.181.42 lakhs) and accordingly the Company has provided for Rs 181.80 lakhs (As at 'March 31, 2019 Rs.181.80 lakhs) as the subject matter of the bank is subjudice.
- iii The Company has issued a General Bond under section 59(2) of the Customs Act, 1962, for a sum of Rs. 2,400 lakhs to the Custom authorities. There is no claim so far received by the Company as at 'March 31, 2020, on such Bond. The value of goods lying in bond was Rs. 1,411.23 lakhs (As at 'March 31, 2019 Rs. 1,411.23 lakhs) and the estimated liability for duty is Rs 268.13 lakhs (As at 'March 31, 2019 Rs. 268.13 lakhs).

2 In case of EZL

- i In respect of capital goods imported at concessional rate of duty under the EPCG Scheme, the Company received notice no. DRI/BZL/CHN/SCN-08/2016 from DRI dated 29/11/2016 for an export obligation of Rs. 965.02 lakhs which is required to be met at different dates before November 2019. In the event of non-fulfilment of the export obligation, the Company will be liable to refund the availment of concessional customs duties and penalties as applicable. The DRI authorities had come to the plant and seized the imported capital goods which was in carton, which is included in CWIP.

DRI vide order dated 01/02/2018 have ordered payment due of Rs. 1.95 crore as follows which would be made good by enforcing the Bond executed at the time of clearance of the consignment. The value of bonds issued at the time of Import is Rs. 1.32 crore (see break-up below). This apart, the goods imported of value Rs. 3.65 crores have been confiscated.

- ii In the financial year 2017-18, KSEB has raised a demand vide letter dated 19/02/2018 for payment of Rs. 4935 lakhs being arrears of electricity charges w.e.f. April 2014. The Company was also eligible for a refund of Rs. 22.92 lakhs based on Government of Kerala refund of Electricity Duty Order No. GO(Ms.) No.10/2016/PD dated 22/04/2016.

KSEB was to correct the bills and accounts consequent upon High Court Order dated March 25, 2013 (WA No. 336 of 2010).

The Company has requested for reduction in the contract demand in February 2015 for reduction to 1500 KVA and thereafter requested for further reduction to 300 KVA pursuant to the spot inspection done by KSEB in October 2015

The Kerala Electricity Supply code, 2014 contains provisions for disposal of application for reduction of contract demand in a time bound manner i.e. 45 days in case of EHT connection. Regulation 60 of the said code also states that if the applicant fails to avail supply due to reasons beyond its control, the applicant shall not be liable to pay any compensation or charges for such failure.

KSEB's letter dated 05/04/2016 stated " As per Regulation in Supply Code 2014, the licensor is bound to reduce the Contract Demand as requested by the consumer. The KSEB has already directed the agreement authority to reduce the Contract Demand and the compliance from the agreement authority in this regard is not received till date. Thereafter the bills already issued will be revised and the excess payment made if any, will be adjusted in the arrears.

Due to reasons beyond the control, the Company could not operate the plant and therefore could not utilize the contract demand. Therefore the Company should not be held liable for fixed component of the contract demand. The charges on the contract demand are penalty in nature. The Company has requested KSEB to withdraw the same from the month of February 2015.

Kerala State Electricity Board have been raising electricity bills based on minimum payable contract demand (75% of 18mva) even though the plant has been shut since November 2014. The Company has made written representations before the Board to reduce the contract demand

(All amounts in INR lakhs, unless otherwise stated)

to 1.5mva from February 2015 and has been paying based on minimum payable of this contract demand from July 2015 onwards. KSEB has appointed a committee to study the matter which has recommended refixation of CD as 300kva. Company therefore submitted fresh application in December 2015. The Company has been effecting payments based on 300kva CD. KSEB has given a written confirmation that bills will be reworked as soon as they complete their internal procedures.

KSEB has raised a demand vide letter dated February 19, 2018 for payment of Rs. 49,35,29,508/- being arrears of electricity charges w.e.f April 2014. The notice states that in case the amount is not paid on or before March 24, 2018, supply shall be dismantled without any further notice. There is a cash deposit of Rs. 7.08 crore in October 2017 bill apart from Cash deposit in bund pump bill of Rs. 1.17 lakhs It is however, not clear as to whether or not KSEB has adjusted the amount especially when we have shifted to LT from EHT. Refund of Electricity Duty was approved as per Government of Kerala GO (Ms.) No.10/2016/PD dated April 22, 2016 of Rs. 22.92 lakhs. High Court vide Order dated March 25, 2013 (WA No.336 of 2010) stated that installation of additional rectifier and consequent no increase in the contract demand as rectifier is only a power transmitting equipment. Accordingly, KSEB was to revise the Bills for the period June 2004 till March 2013. Pending reconciliation / clarification / refund from KSEB, the income / demand has not been recognized in the books of accounts.

The Company vide its letter dated November 28, 2018 raised a counter claim of Rs. 6.42 Crores to KSEB.

- (III) In the year 2004 KSEB had imposed penalty of Rs. 20 lakhs per month for unauthorized additional load. The Single Bench of the Hon'ble High Court of Kerala, had in December 2009, disposed the Company's Petition against the Order of the Appellate Authority (Dy. Chief Engineer KSEB) and quashed the order levying penalty for unauthorised additional load. Matter was remanded with a direction to take a decision afresh in accordance with Law considering the bonafide conduct of the Company. The Single Judge held that the Company had obtained all the necessary approvals & energization order from Electrical Inspectorate as stipulated in the conditions of supply of KSEB and since there was no violation, the penal charges are not payable. However matter was remanded. Company filed appeal against remand before the Division Bench. Division Bench held in Company's favour completely. Hence no provision is considered necessary at this stage.
- (IV) In respect of electricity charges payable for certain years in the prior period, KSEB had withdrawn the concessional tariff eligible for the Company. Though initially the tariff concession was extended, it was subsequently withdrawn by KSEB, on the specific plea that the capacity expansion (which was the criteria for eligibility) was not achieved before due date. KSEB raised claim for Rs. 816.88 Lakhs for those years, which was provided for. The Company had taken up the matter before the Hon'ble High Court of Kerala, which was admitted. KSEB withdrew its earlier order and sought permission for de novo determination, which was accepted by the Single Judge. Company went before Division Bench to issue necessary orders for accepting Company's eligibility. Hearings have been completed and reserved for judgement. Since the matter is pending for nearly three decades and based on the legal advice obtained, the said amount of Rs. 816.88 lakhs provided for, was considered no longer payable and written back in the accounts of the Company in the year 2003-04. The Company, as legally advised, is hopeful of a favourable decision on final settlement of the issues involved in the matter and hence no provision is made for the said amount, which is included under contingent liabilities.
- (V) In lieu of ongoing correspondence with KSEB and considering our contention, KSEB demand vide letter dated 28/10/2020 for payment of Rs. 4,662 lakhs including interest of Rs. 1831 lakhs being arrears of electricity charges. The Company is in the process of responding to the same as as the revised demand does not consider bills to be revised as committed by KSEBL vide letter 05/04/2016.

36 Employee Benefit Obligations:**A Defined benefit plans :**

Gratuity: The group provides for gratuity to employees in India as per the payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. VI Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

a. Gratuity

Particulars	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019

Rate of increase in compensation levels	1% / (1%)	1% / (1%)	87.28	191.11	65.17	35.86
Attrition Rate	1% / (1%)	1% / (1%)	0.60	6.54	(0.65)	(7.26)

b.

Particulars	March 31, 2020	March 31, 2019
Expected average remaining working lives of employees in years	13 to 17.38 years	12 to 19.66 years

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

VII The Defined Benefit obligation shall mature after the end of reporting period is as follows:

Expected contributions to post-employment benefit plans for the year ending March 31, 2020 are INR 306.49 lakhs

The expected maturity analysis of undiscounted plans is as follows:

Particulars	March 31, 2020	March 31, 2019
Less than a year	79.70	128.61
Between 1-2 Years	15.92	24.83

For 3B Binani Group

Defined benefit

The group operates no define benefit pension plans.

The Group provides post-employment benefits to 3B-Fibreglass SPRL, Belgium and 3B-Fibreglass AS, Norway employees.

The contributions to the defined contribution plans are expensed as incurred. The plans are managed by the companies Fortis, Zurich and Delta Lloyd. For Belgium this is managed under the so called 'branch 21' agreement.

The Belgian law on Complementary pensions (WAP-LPC) which is in force as from January 1st, 2004 introduces a minimum guarantee on contributions for defined contribution plans. According to IAS 19 as it is currently in force, the minimum guarantees on the contributions paid are considered as defined benefits. So in the specific case of Belgium the defined contribution plan has a defined benefit element due to the minimum guarantee on the employer's and employee's contributions. Currently the Group does not reflect any over- or underfunding with respect to these plans and treats them as defined contribution plans i.e. contributions are expensed when incurred on the ground that the insurance company that manages the plan, grants the Group a minimum guaranteed return that meets the legal requirements.

The accounts show a provision, i.e. an actualized amount, for the future obligations calculated by the insurer for the DC plans in place.
